K-GROUP

PROGRESS REPORT

What went well last week?

Steady progress with the program

What is the focus of today?

Get started on the README file and give a new possible design for the website.

What blockers exist?

CWI training and other final projects

What went well?

Codes are updated and we are close to the testing stage.

What didn't go well?

No particular event in mind

What should we start doing?

Get started on some tasks and start testing the website and update the sites design if I have time.

What should we stop doing?

None that I can think off

What should we continue doing?

Continue with the updates and continue striving for a better work ethic.
