PROGRESS REPORT

What went well last week?

The team managed to push out some updates on the website

What is the focus of today?

Learning how to use certain git commands to solve a problem

What blockers exist?

Holy Week celebration.

What went well?

Managed to figure out a solution for files disappearing whenever I merge pull requests in github.

What didn't go well?

No meetings this week.

What should we start doing?

Study more about GitHub, Holding more meetings and taking notes of concerns and problems

What should we stop doing?

Delaying updates

What should we continue doing?

Continue with the progress we made and study more about what we lack.
